

Damn...
This topic
may have
been a
landmine.

Ahl

Isn't it
great that
doll's body
can be
changed
according
to your
fashion
sense?

Ah, these are
unmodded.

Which
reminds me,
your body
is also
unusual,
isn't it?

Originally
it was all
ball jointed.

Like, the
shoulders.

Speaking
of chest
size, you
also...

Face, body,
I customized
it all by myself.

I may not
look like it,
but as a
model, I
do have a
sense of
aesthetics.

You made
your own
body!?

Model!?

But the chief
is an easy-
going person,
perhaps she
won't mind..

Ah! This
knee-jerk
reaction
might've
been too
harsh...

**Don't
be
silly!**

But then,
say, your
chest
is rather
humble,
isn't it?

Even though
you could've
made it
bigger.

She really
became/
depressed!!!

I think it
was more
suspicious
when you
changed
your face.

If it
suddenly
became
bigger,
it would
be quite
suspicious,
wouldn't
it?

Later
that
evening

Is she
asleep?

Looks like
everybody
is having
fun...

Yeah.

She went
to sleep
as soon as
she returned
from the
workshop.

Hey,
where is
Chisato?

SURE
makes your
bust

more
impressive...

I mean,
having your
cup size
attached
to your
head
